THANK YOU

Words and music Kara Johnstad
CD Paths X

It is an amazing gift
To reach across miles and know that you are there
An amazing gift
To call you early up and know that you care
As if no time has gone by
Since we last spoke
As if all the years and months have dissolved
Into this sweet moment

Thank you for being the friend that you are
It is your trust that has brought us this far
Your unconditional love
So pure that I tremble

It is an amazing gift
To talk out the pains doubts and fears
And an amazing gift
To have it fall upon listening ears
Through cherishing my truth
You've help me see things through
And here we are
In this sweet moment in time

Let me tell you
Thank you for being the friend that you are
It is your trust that has brought us this far
Your unconditional love

So pure I cry I laugh
I am in utter happiness
Blessed to have you in my life
