The World is full of Hate
The world is full of pain
The world is full of wars
People going insane

Overpopulation
Another hunger scare
Oil slicks and garbage
And not enough clean air

Life
Life is a gift to live
Let's wake up from this madness
And find a way to give

We
We Have a Choice to make
Whether we want to love each other
Or to live in hate
We are the ones to make our earth heaven
To learn to love each other once again

Interlude

We can change the world
Take the power in our hands
Living all in harmony
With mother nature and her lands

Each day make three wishes
As small as they may be
Say hi to a stranger
Live YOUR inner peace!
In peace we must believe

Life
Life is a gift to live
Let's wake up from this madness
and find a way to give

We
We have a choice to make

Whether we want to love each other
Or weâ€™re gonna die in hate..
We are the ones to make our earth heaven
To love each other once againâ€¦

We have the choice..
We have a choiceâ€¦
We do have the choice
Believe and it shall beâ€¦.
