This little light of mine, I'm gonna let it shine  
let it shine, let it shine, let it shine

Put your light up  
put your light up  
put your light up  
put your light up

When they see you comin they should know what your  
about  
Tell them your reppin before you open your mouth  
They should know you're down iwth G-O-D  
Your light should be showing to everybody you meet  
even before you speak his name,  
even if you don't rock his cross on your chain  
They should know you by the loev you give away  
If i ask them if you were a christian  
what would they say

You gotta walk that light  
talk that light  
when people look at you  
they should see the light  
hey shinning bright,  
day & night  
They gotta know whose team that you're playin for

So throw your light up  
put it up in the air  
they should see you comin  
from a mile away away  
All the love you give away away  
(repeat)  
So get your light up

Knocked on my door wasn't shining enough  
for the world to see now I know the whole story  
of what he did for me, what He gon' do for me  
Anything I need homie, He'll work it out for me  
So I'm endorsing light 24?7  
I teacha teacha that my light is my weapon  
So I'm calling those who feel like me

Let's be a light for the unirse to see  
You gotta walk that light  
talk that light  
when people look at you  
they should see the light hey  
shinning bright, day & night  
They gotta know whose team that you're playin for

So throw your light up  
put it up in the air  
they should see you comin  
from a mile away away  
All the love you give away away (repeat)  
So get your light up

So when your hanging with your girls  
kickin it with your boys  
put your light up, put your light up  
When your out on the town  
and when no ones around  
put your light up put your light up  
7 days a week,  
gotta keep the tource burning  
put your light up put your light up

You don't gotta be super mayour not  
You gotta shine like the sun  
cus that's what's hot yep  
You gotta walk that light  
talk that light  
when people look at you  
they should see the light hey  
shinning bright, day & night  
They gotta know whose team that you're playin for

So throw your light up  
put it up in the air  
they should see you comin  
from a mile away away  
All the love you give away away  
(repeat)  
So get your light up
