In Solitude with You:
I finally realized
You've got me safe in your arms

I feel so close to you
Although I know I'll be so far

With every breath you slip away

Chorus:
I believe that you won't leave
My side for I have felt you breathe
I will stay in your arms tonight
I'll be gone tomorrow
But I'll be alright
I'll stay in your arms
Tonight

I can't bear to give
Myself the chance to let you go

My hands are empty
When you're not holding them close

With every breath
You steal away

Chorus:

I believe that you won't leave
My side for I have felt the need
to stay safe in your arms tonight
I'll be gone tomorrow
But I'll be alright
I'll stay in your arms

And I won't give in to my thoughts
Give it time and I'll
Think
Of you and I together
In Solitude with You
I'll dream

Again

Chorus:

I believe that I will be
With you and I will never leave
The safe grip of your arms tonight
I'll be gone tomorrow
But I'll be alright
I'll stay in your arms
Tonight

And I won't forget you
