We've got to give a little love, have a little hope
Make this world a little better
Living in this crazy world, soaked up in the confusion
Nothing is making sense for me and you
Maybe we can find a way, there's got to be solution
How to make a brighter day? What do we do?
We've got to give a little love, have a little hope
Make this world a little better
Try a little more, harder than before
Let's do what we can do together
We can really make it better... only if we try...
Got the worries on our minds, got the troubles on our
shoulders
Sometimes it seems so much what we go through
Maybe if we take the time, time to understand each
other
We can learn to make it right. What do we do?
We've got to give a little love, have a little hope
Make this world a little better
Try a little more, harder than before
Let's do what we can do together
We can make it better... only if we try...
Only if we try...
If everybody took somebody by the hand
Maybe everyone could learn to love and understand
We can really make it better... only if we try...
Singin', we can really make it better... only if we try...
We've got to give a little love, have a little hope
Make this world a little better
Try a little more, harder than before
Let's do what we can do together
We can really make it better... only if we try...
We've got to give a little love, have a little hope
Make this world a little better
Try a little more, harder than before
Let's do what we can do together
We can really make it better... only if we try...
We've got to give a little love, have a little hope
Make this a little better...
We can do it together...
Give a little love... give a little love...
Sing about the love... sing about the love...
