

Albert Hammond "Little Arrows"

Visit "[Little Arrows](#)" on [MotoLyrics.com](#)

As performed by Leapy Lee

There's a boy, a little boy, shooting arrows in the
blue

And he's aiming them at someone, but the question is
at

who

Is it me, or is it you? It's hard to tell until you're
hit

But you'll know it when they hit you 'cause they hurt a
little bit

Here they come, pouring out of the blue

Little arrows for me and for you

You're falling in love again, falling in love again

Little arrows in your clothing, little arrows in your
hair

When you're in love you'll find those little arrows
everywhere

Little arrows that will hit you once and hit you once
again

Little arrows that hit everybody every now and then
(Woh-oh-oh, the pain)

Some folks run, and others hide, there aint nothing
they can do

And some folks put on armour, but the arrows go
straight through

So, you see, there's no escape, so why not face it and
admit

That you love those little arrows when they hurt a
little bit?

Here they come, pouring out of the blue

Little arrows for me and for you

You're falling in love again, falling in love again

Little arrows in your clothing, little arrows in your
hair

When you're in love you'll find those little arrows
everywhere

Little arrows that will hit you once and hit you once
again

Little arrows that hit everybody every now and then

Here they come, pouring out of the blue

Little arrows for me and for you

You're falling in love again, falling in love again

Little arrows in your clothing, little arrows in your
hair
When you're in love you'll find those little arrows
everywhere
Little arrows that will hit you once and hit you once
again
Little arrows that hit everybody every now and then
Little arrows in your clothing, little arrows in your
hair
When you're in love you'll find those little arrows
everywhere
Little arrows that will hit you once and hit you once
again
Little arrows that hit everybody every now and then
Little arrows in your clothing, little arrows in your
hair
When you're in love you'll find those little arrows
everywhere...
