just me and you
ooh chingy dont matter what we go through
just me and you
we dont need nobody else
just me and you
ooh chingy imma always be down for you
just me and you
so dont worry about a damn thing, ohh

now that we together girl the lights so bright
it took a little time but now the feeling so right
remember when i snuck through your window at night
bringing you flowers and candy
me and you sipping on brandy
plus i appreciate the love on sight
hugging me holding me fixed in so polite
even when these crooked pigs was tryin to sue me
forget about friends and family you the one that knew
me
the way you smile at me keep me feelin all right
this aint about furs fancy cars or ice
so im dedicating this to my female friends
sincerely yours words cant express my feelings within

just me and you
ooh chingy dont matter what we go through
just me and you
we dont need nobody else
just me and you
ooh chingy imma always be down for you
just me and you
so dont worry about a damn thing, ohh

we human so we gon fight and fuss at each other
he told me u trippin but girl dont worry about my
brother
we have a argument he'd drive me to go out
?
im thinkin bout the times when u flew to my house
dont i give you everything u want this man aint a
mouse

am i cheating hell nah hope you got no doubts
rose petals in the tub baby unbutton that blouse
ready and come on u hold me lets eat at mr chops
know u love me when u mad u dont get loud
so im dedicatin this to my female friends
sincerely yours words cant express my feelings within
(IF YOU WAS MY BABY)

just me and you

i like your style your grace your beautiful face your
essence
your size your shape this beautiful place a blessin
your weight your waist your delicious taste perfectin
your heights a sight with my life as your protection
so sweet like nanny lets raise a family in miami
where the beach so sandy toast to champaign glasses
you hand me
your scent like the fresh smell of ????
and for you i go over my budget no i aint cheap
cant stop grindin til i get eurr record to the top
just kno u on my mind eurr second on the clock
tick tock if u eva need help scream
and i'll come running for my life to trade in it for your
