Frankee - hell no

no no

no no

no no no no no hell no

You looked me in my face

had a nerve to say

that chic that called you on your cellphone wasn't at  
your place

the stupid things you do

you gotta be a fool

You took my love for granit and now im taking back  
from you

(How could you tread of love)no no no no

(i thought u were by my side) by my side

now i know what to think of you

Here's two words i'd like to say to you

Hell no, i dont need your toy

im not gonna be your whore

You can keep your ring

talk shit , i see your full of it

im not gonna be your bitch

i dont care about your thing

i must admit i got caught up in your game

to the night we were making love and you called

someone else's name

what the fuck ,whose the bith that your sleeping with..

i really got to know right now,cause somebody else  
gotta feel it

how could you straight up lie

(straight up lie)...oh no

(i thought u were by my side)

hell no , what to think of you

heres two words id like to say to you

Hell no, i dont need your toy

im not gonna be your whore

You can keep your ring ( you can keep that thing)

talk shit , i see your full of it  
im not gonna be your bitch  
i dont care about your thing

I can do without you  
i dont really need a thing  
i gave you all the love i had  
you kept me on a string  
just to think i thought loved you, what the hell was on  
my mind  
im a big girl and im gonna be allright  
its time for me to shine

Hell no, i dont need your toy  
im not gonna be your whore  
You can keep your ring  
talk shit , i see your full of it  
im not gonna be your bitch  
i dont care about your thing

I dont need you , i dont want you  
you can read my song
