and any day you are too far from the sky
to feel the sun
the warmth you miss
I'll no longer try oh to replace
just dont go there every Friday night
to lose yourself
until you've lost everything

well I'm a wreck and close
to locking my door
from the rest of
the rest of this
don't need to hear
ÃfÃçâ, -Ã... "You're missing out tonightÃfÃçâ, -Ã,Ã
you don't think that I know
don't think i know

and any day you are too far from the sky
to feel the sun
the warmth you miss
I'll no longer try oh to replace
just dont go there every Friday night
to lose yourself
until you've lost everything

and you're so lovely
and still so lost
so privileged that
that you forgot
how proud are you of
being everything
but genuine
but genuine
and any day you are too far from the sky
to feel the sun
the warmth you miss
I'll no longer try oh to replace
just dont go there every Friday night
to lose yourself
until you've lost everything

and you do it so well

the way you raise your
glasses to forget how
you felt
an existence dedicated to long
summer's empty bottles and empty
hearts

and you do it so well
the way you raise your glasses until
you've lost all your chances
the way you meet your ends
till you've lost all your friends
the way you raise glasses
until you lost all your chances
the way you meet your ends
the way you do it so well
