This rhapsody of tension has lifted from my chest  
As my flying cannot destroy the nest  
It is merely a new chapter of this dream  
Shinning Brightly does not quell the flame  
It mearly adds to the symphony of colour  
That is this tapestry we weave

And i dont believe it sings any louder or soars any  
higher  
But it will not fly at all if not given freedom to be

Bluebird fly  
[x4]

at each turn there's more to ignor, more to pretend  
isn't there  
More of the cons on the lists i fer they make  
My wings slowly curl out of this cracked shell i need to  
be taught  
I need you to hold my hand, baby steps on this new  
flight

And i dont believe it sings any louder or soars any  
higher  
But it will not fly at all if not given freedom to be  
Bluebird fly  
[x4]

I hope you dont want to pretend it's all the way it was  
Cause i cried more then you think of  
But now im trying to let go of our past  
The nest we've made is stronger then you think  
And though we all fly we still come home  
Guilt is a dark room i can not live there

And i dont believe it sings any louder or soars any  
higher  
But it will not fly at all if not given freedom to be

Bluebird fly  
[x4]
