I see love an beauty all around
I also see the sadness that's imbedded in your frown
I wonder why you choose not to talk to those who
surround
I sense a fear of lifting heavy feet higher than you want
to
I just want to believe your truth

You stand there but you do not cast a shadow
You walk away with every word you choose not to say
I suppose that moment home paints new color for each
day
I don't like to see dreams put on the shelf to deal with
/on that one/ day
I just want to be happy for you

'Cause I only have one /second vestment/ left today.
Can't press rewind and turn it back and call it now
So this moment I just have to sing out loud and say I
love, I live and breathe it now
Say I love, I live and breathe it now...

I move on holding on to what I learn
It's time to let go of the notion that the whole world's
against me, break free of shackles

That formed young, time free, and now I know it's not
all up to me
I can't count on another /some move/ who finally turned
me free

'Cause I only have one second vestment left today.
Can't press rewind and turn it back and call it now
So this moment I just have to sing out loud and say I
love, I live and breathe it now
Say I love, I live and breathe it now...

I believe in living just for today
I just want to know that you're okay
'Cause I live and breath it just for today
I just want to know that you're okay
I just want to know that you're okay

I just want to know that you're okay

'Cause I- I only have one second /vestment/ left today.
Can't press rewind and turn it back and call it now
So this moment I just have to sing out loud and say I
love, I live and breathe it now
And say I love, I like and breathe it now
Say I love, I live and breathe it now...
