all the way with the king-made diamonds
ever willing cake and filling
coming over the surface only
love begins
for the men who swim there
rolling over the phone rings yawning
didn't get it ringing let it
and rolling over the subject matter
turn on the set on the weekends starlet

evil do you know we do
well evil makes you feel like you
what evil do you come into
evil did you know me

oh daughter daughter
I hope you notice
the look of the actress
wove with blackness
they roll around
on a coaster
and bring in
dick and news
and all the boozing
they got an eye on the paper dated
two weeks older getting colder
they're pushing sacharin
with open mouth
they're going up when it's down
was it over the counter

evil do you know we do
well evil makes you feel like you
what evil do you come into
and evil did you know me

you're choking out on the circuit break it
in the routes and major blackouts
all I need is one exception
to the rule that they affection
all I need is one exception

to the rule that they affection

evil do you know we do
well evil makes you feel like you
well evil do you know we do
evil makes you feel like you
what evil do you come into
well evil did you know me
