Living in fear  
Is not what you had  
In mind for me  
But holding to you  
Is so hard  
I cling to what I see

CHORUS (\*):  
In a world where my emotions  
Seem to rule my every move  
They will challenge my devotion  
To seek and know the truth

CHORUS:  
You're piercing me  
This self will bleed  
You're killing all  
Of my securities  
Lord, help me  
See the reality  
That all  
I'll ever need is You

Here in this haze  
A distant light  
Seems to draw me near  
But in the shadow of my doubt  
My faith just disappears

CHORUS (\*)

CHORUS (3x)
