Can't hide my glee, now you're in front of me
Face says, you're here and I'm wanting you
Can't hide my frustration nor my depictions
Tell me, how do I get to you?

It helps decide that maybe I
Am a little less stubborn than you
So it hurts my soul, I may never know
Just exactly how I feel for you

Ooh, does it make you feel good
Knowing that you could have power on me?
And ooh, does it make you feel good
Knowing that you could have power on me?

I wish I'd seen when it happened to be
That I could fall to you so deeply
So glad I knew not to rush things with you
'Cause now you've grown on me so naturally

So intriguing, you've got me feeling
I could stare at you for hours
So why's your hold so warm then cold?
Oh, please don't be a coward

Ooh, does it make you feel good
Knowing that you could have power on me?
And ooh, does it make you feel good
Knowing that you could have power on me?

Have power on me, have power on me
Have power on me, have power on me
Have power on me, have power on me

So does it make you feel good?
'Cause it's the only way I want you to feel with me
Now what's it make you feel like?
Do you think somehow you could open up your heart to
me?

So does it make you feel good?
'Cause it's the only way I want you to feel with me

Now what's it make you feel like?
Do you feel somehow you could open up your heart to
me?

Ooh, does it make you feel good
Knowing that you could have power on me?
And ooh, does it make you feel good
Knowing that you could have power on me?

Have power on me, have power on me
Have power on me, have power on me
Have power on me, have power on me
Have power on me
