[Katy B]

Yo, I got my bags packed
crepe's laced up, let the black match
'09 was all mine, padlock it, had that
my own mind, front line, war like its Baghdad
I took aim, target the frame, I let him have that
few of us are here now, many more to come soon
let a little rain down, get ready for the monsoon
ready for the onslaught all you see is concordes
black clouds will end this, ready for the full moon

[Bridget Kelly]

I know, I know, that I'll be coming back around, yeah

[Katy B]

And I'll be coming back around here, I'm on a cloud 9
tell me how it looks here

[Bridget Kelly]

Maybe we can take the World tonight
There's nothing that I wouldn't sacrifice,
Till we made it, till we made it,
I know we can make it through the fight
As long as you're riding by my side
Till we made it, till we made it, yeah

[Katy B]

It's drama, yeah ain't ready for the drama
ring the alarm we are blazing the lava
I'm drama, yeah there not ready for the drama
what goes round, comes round that's Karma

[Katy B]

Yeah we can make this, sure we can make it
Had enough of asking so now we're gonna take it
open the doors wide, size 6 for the side
rearrange the game, lift the cheek bones, facelift
yeah, now we've mastered the basics
only difference is you wasn't blessed with the same gift
thanks I do give, I count my blessings

magic with words, full life no tricks

[Bridget Kelly]

I know, I know, that I'll be coming back around, yeah

[Katy B]

And I'll be coming back around here, I'm on a cloud 9
tell me how it looks here

[Bridget Kelly]

Maybe we can take the world tonight
There's nothing that I wouldn't sacrifice,
Till we made it, till we made it,
I know we can make it through the fight
As long as you're riding by my side
Till we made it, till we made it, yeah

[Katy B]

Just like that, they say learn from your mistakes
But we plan to perfection, so we don't plan to misplace
(round and round and round and back again)
and I do it at my own pace
yeah

[Bridget Kelly]

Maybe we can take the World tonight
There's nothing that I wouldn't sacrifice, nooo
Till we made it, till we made it,
I know we can make it through the fight
As long as you're riding by my side
Till we made it, till we made it, yeah

[Katy B]

Yeah yeah yeah yeah
black clouds
ring the alarm, we are blazing the lava
and are they ready for the drama
