It's Saturday night and I am all alone for the first time  
I'm getting ready to step out in my world  
to find the guy that wants me to be his girl  
(Jump into my) Jump into my ride I'm heading to the  
East side  
where I can find you (let me back inside)  
I can't escape the flow, no boy yo've got to let me know

cause in the still of the night  
I am looking to find  
somewhere safe somewhere warm  
In the arms of love

I'm looking for you I can't find my way  
I'm lost in the stars that get in the way  
I'm looking for you I can't find my way  
you've gone and left me and took my heart away

I'm looking for you I can't find my way  
I'm lost in the stars that get in the way  
I'm looking for you I can't find my way  
you've gone and left me and took my heart away  
you took my heart away

How then should I? Try to go on living my life?  
(Without you)  
I still care for you I say where were you?  
When I called you? I wanna be there for you  
another sleepless night (without you by my side)  
and you're not by my side boy you know I'm  
there for you care for you where were you?  
I wanna be down for you  
In everything you do

In the still of the night  
I am looking to find  
somewhere safe somewhere warm  
In the arms of love

I'm looking for you I can't find my way  
I'm lost in the stars that get in the way  
I'm looking for you I can't find my way

you've gone and left me and took my heart away

I'm looking for you I can't find my way  
I'm lost in the stars that get in the way  
I'm looking for you I can't find my way  
you've gone and left me and took my heart away

In the still of the night  
I am looking to find  
somewhere safe somewhere warm  
In the arms of love

I'm looking for you I can't find my way  
I'm lost in the stars that get in the way  
I'm looking for you I can't find my way  
you've gone and left me and took my heart away

I'm looking for you I can't find my way  
I'm lost in the stars that get in the way  
I'm looking for you I can't find my way  
you've gone and left me and took my heart away
