Turn up the lights, let's go
Everybody in the house you know
Yeah it ain't complicated
Everybody in the house let's go!
I know it's time
It's staring at the back of my mind
I think I finally found the answer
It's right there in the back of your mind yeah
And I, I can remember
All of the things we used to do

Those days are gone
And I know
The world they won't stop spinning
'till I take control
and leave it all behind
Don't make it all on my own
I'll be what I though I couldn't find noo
I know
Those days are gone
Yeah Yeah uh huh uh huh
C'mon everybody let's go

Those days are gone
Sit tight as I break it down for you real simple, yeah it's
time you know
Those days are gone
Those days those ways of living life are gone when the
life goes up
Those days are gone
The world don't stop spinning for a moment girl you
better step it up
Yeah that's right
