if i was a perfect man girl you'll never hurt again x 2

i promise

please let me know if you feel like I'm out of line  
cos i really need to tell you how i feel  
and whats inside and whats on my mind and give you  
my point of view  
why isit that everyting i do always upsets you and  
seems to break your heart  
girl its never my intention to start a fight but lately im  
wondering if i

if i was the perfect man i would never cause you pain  
girl you would never hurt again i promise  
i would know how you feel inside, i would read your  
mind  
if i was the perfect man i would always be by your side,  
i swear girl you would never cry, i would never lie to  
you  
i would be everything you need  
but i cant because im not a perfect man

baby its my fault something i said or did to make you  
lose control  
i just dont get how one minute your so cold  
and then the next you wanna hold me so close  
why isit that everything i do is wrong no matter how i  
seem to try  
if this is love then why cant we get it right  
i wish that i could see me through your eyes  
then maybe i can show you whats inside
