C'mon! c'mon!

I see you looking at me like I'm free  
Tellin' everybody that you're gonna be the new one  
Step back, thinkin' you're movin' too fast  
Goin' for a low pass headin' for a big crash

He's the new kid  
Give you one last chance  
Hit me with a slow dance  
A little romance  
What's wrong did the cat get your tounge?  
You've got to work it if you wanna be the one

I like walkin' through the park on rainy days  
Lookin' fly on the beach walkin' in the sand  
Top down jammin' to my favourite band  
Hangin' out at the club with all my friends  
This is who I am  
(Listin up now! )

If you think you colud be the one  
C'mon, let's have a little fun!  
(Ok! )  
Show me somethng orginal, motivational  
C'mon!  
Don't waste time with playin' games  
It's what you do not what you say  
If you can take my breath away  
Make me feel like I've been stung  
(Whoa)  
'Cause you're the one

You're really cute, but there's a lot more to do it  
You got to prove that you know how to use it  
I'm, one step ahead of you  
Gotta make a move  
Put your mind to the test  
Ooh I'd like to see you guess

Show me, get to know me  
We can make this easy

You gotta know how to treat me,  
Complete me  
(Oh yea! )  
It's done if you wanna be the one

I like walkin' through the park on rainy days  
Lookin' fly on the beach walkin' in the sand  
Top down jammin' to my favourite band  
Hangin' out at the club with all my friends

He loves me  
(Feels so right)  
You're the one  
He takes me to the highest place in the sky

If you think you colud be the one

Are you ready to go ready to go baby  
Now you've got me anticiapated  
Turning around, letting it down  
Yeah I'm hoping that you'll be the one!

Takin' a chance  
Ready to dance  
C'mon I've been waiting all night for this song
