I just can't handle it
I think I am done with this
I need an answer
Not just the sigh
We are going back
I need to know for sure
So tell me right away
What's on your mind

So now
How you gonna work it
How
Are you gonna
Me now
Tell me if you are ready
Cause I need to know
Too late
Tell me why I wait this
Can't wait
I wanna get an answer
Too late
I don't wanna hear it
I just need to know oh oh

I don't wanna talk about the chance
I don't need to know the short romance
So tired of waiting
I just need to know

I can told you what a memory
Let you go if you wanna leave
(The future is front of me
I just need to know
Oh oh oh oh oh
I just need to know
Oh oh oh oh oh
I just need to know

When I see you around
I just can't figure out
The message you are sending
Is not really clear

When I look in your eyes
I feel some feeling inside
And I am just guessing
Do you feel the same

So now
How you gonna work it
How loud
Are you gonna
Me now
Tell me if you are ready
Cause I need to know
Too late
Tell me why I wait this
Can't wait
I wanna get an answer
Too late
I don't wanna hear it
I just need to know oh oh

I don't wanna talk about the chance
I don't need to know the short romance
So tired of waiting
I just need to know

I can told you what a memory
Let you go if you wanna leave
The future is front of me
I just need to know
Oh oh oh oh oh
I just need to know
Oh oh oh oh oh
I just need to know

Cause all I wannna do
Now that I found you be around
Oh with you
And all that I can say
Let's take a chance

I don't wanna talk about the chance
I don't need to know the short romance
So tired of waiting
I just need to know

I can told you what a memory
Let you go if you wanna leave
The future is front of me
I just need to know

I don't wanna talk about the chance

I don't need to know the short romance
So tired of waiting
I just need to know

I can told you what a memory
Let you go if you wanna leave
The future is front of me
I just need to know
Oh oh oh oh oh
I just need to know
Oh oh oh oh oh
I just need to know
