Don't wanna wake up today
Bring smile on my face
Until I see u again

Still sleeping in your clothes
Nobody knows
What your angels say

Everything is spinning
Everything is crushing down
Everything is broken
And all the silence is loud

Tell me that I if still being in dream
Tell me that truth is love what it sees
Tell me that you will come back to me
Tell me, tell me that you always be you and me

Here I am alone
This life is too stone
Until I am right where you are

Call me back in those arms
That cared me from harm
Don't you on my heart

Cause everything is spinning
Everything is crushing down
Everything is broken
And all the silence is loud

Tell me that I if still being in a dream
Tell me that truth is love what it seems
Tell me that you will come back to me
Tell me, tell me that you always be you and me

If I could see you just one last time
Figure out
Can hold the happy ends with my soul
For rest of time

Everything is spinning

Everything is crushing down
Everything is broken
I'm lost you found

Tell me that I will see u again
Tell me this book was not meant to end
Tell me that promise u said u would keeps
Tell me, tell me that you always be you and me
