Ah, I hate it.
I don't like relationships
That erase affection with a smile.

From the beginning
These were our intentions,
But isn't this enough?
I still can't stop.

Who cares if I indulge myself?
You like me, don't you?
This can turn into the dream of your desire:
Let me show you.

Ah, I'm not interested.
I don't need lip service from you.
Your excuses are unsightly.

Being able to cry out,
"I'm lonely" or something
Isn't easy.
I can't open my eyes.

I don't care if I get dirty.
You want me, don't you?
Blooming in the night just the way you like:

Let me enchant you

You are just liar.
Rent me, and Show Time
Don't be afraid. yeah...
I'm going to fly away.
A scream is steadily stirring up in me.

You are just liar.
Feel me, and Show Time
Don't be afraid. yeah...
I'm going to fly away.
A climax is steadily rising up in me.

Who cares if I indulge myself?
You like me, don't you?
I don't care if I get dirty.
You want me, don't you?
There's nothing that I have gained from this,
It's just a whim of mine, didn't you know?

At the end of desire I disappear.
After tonight a dream is a dream.
