I had a dog and his name was Blue  
I had a dog and his name was Blue  
I had a dog and his name was Blue  
Betcha five dollars he's a good 'un too  
Here Blue, you good dog you  
Shouldered my gun and i tooted my horn  
Gonna find a possum in the new ground corn  
Old Blue barked and I went to see  
Cornered a possum up in a tree  
Old Blue died and he died so hard  
Shook the ground in my backyard  
Dug his grave with a silver spade  
Lowered him down with links of chain  
Every link I did call his name  
Here Blue, you good dog you  
Here Blue, I'm a-coming there too
