Remember first time we met day one
Kids in the garden' playin' games havin' fun
Excitin' and amazin' havn't a real friend of mine
Feel my heart beat and for real
Face to face and eye to eye
Usin' our hands to bug and supply
Chillin' is cool from January to June
And we still stucked together like the glue
You know the rules
Forever you and I and believe it was clear
If I ever to fall I could count on you with no fear
Runnin' out of time I see who's fake
Alone without protection from all damn snakes
All for one one for all I was told
Black white yellow if you'r young or old
Nana's in the house to let you know
What I see is how I feel and damn
I'm alone
I am lonely lonely lonely
I am lonely lonely in my life
I am lonely lonely lonely
God help me help me to survive!
Bridge
Everybody's trippin' on me
Oh lord come help me please
I did some bad things in my life
Why can't you rescue me 'cause you've got all I need
I know I got to pay the price
Lonely (2x)
Creepin' thru the streets at night after a fuss and fight
Tears in my eyes I'm a man lookin' for the light
Dark is the path he will rescue me
The lord is my shephard I'm cool despite emergency
Whom shall I fear exopt the G O D
Thank you for the blessin' and the skills on the M I C
Five years we know there's no diggity
Free at last see the light in me
What goes up must come down
I'll be around while you heading towards deathtown
Always look forward hardly never look back
So many tears and the snakes on my jack
Now I'm ridin' in my big fat ride

Your ass is late so look for the line
Nana in the house to let you know
What I see is how I feel so leave me alone
Lonely (3x)
Knock on my door whom you lookin' for
A dream or reality enemies at my door
Eyes I realize it's fantasize I must be high
So let me live before I die
Once again grab the bottle twist the cap
To survive your life is yours my life is mine
No emotions in this world full of lies
Step my step and be versatile
Love peace and crash that's what it's all about
Alone by yourself than you lack there's no doubt about
I'm always into something making moves to improve
What would you do if you where in my shoes
Boom a letter oops another suicide
Meet me for a ride at the boulevard
Nana's in the house to let you know
What I see is how I feel and damn I'm alone
