Lord, oh Lord, why can't You hear me?
I'm calling out Your name, yeah
It's been so long since I've heard Your voice
It's driving me insane, yeah

It's driving me insane, yeah
It's driving me insane

A victim of consequence
Or victim of a nurture
I've been faithful, I've been kind
But still You will not answer

I am turning into the man I used to be
I am turning into the man I used to be

It's driving me insane, yeah
It's driving me insane
It's driving me insane, yeah
It's driving me insane

All the light that was in me
Has poured through my skin, yeah
I paper up all my holes
But still it's just not in me

I am turning into the man I used to be
I am turning into the man I used to be

It's driving me insane, yeah
It's driving me insane
It's driving me insane, yeah
It's driving me insane

Over to the other side
Over to the other side
Over to the other side, we will go
Over to the other side

Over to the other side
Over to the other side
Over to the other side, we will go

Over to the other side

Over to the other side
Over to the other side
Over to the other side, we will go
Over to the other side

Over to the other side
Over to the other side
Over to the other side, we will go
Over to the other side

Over to the other side
Over to the other side
Over to the other side, we will go
Over to the other side

Over to the other side
Over to the other side
Over to the other side, we will go
Over to the other side

Over to the other side
Over to the other side
Over to the other side, we will go
Over to the other side

Over to the other side
Over to the other side
