We're on a one way to nowhere
On this dead end street
All signs pointing backwards
But we just don't see

We're coasting in neutral
Tryna make it last
But it's a short haul
When you're low on gas

We're slipping fast
We're slipping fast

We're on the verge of a
Bre eh ake down
On this road any moment now
So just slo oh ow down
Hit the brakes and pull over to the side
We're running on empty empty ah ah ah ah ah
Empty empty yeah
We're running on empty empty ah ah ah ah ah
Empty empty yeah

Been driving this freeway
Set on cruise control
But if it's too easy
we'll lose it all

Cuz we're headed for collision
And times running out
Only a quick decision can save us now

We're slipping fast
We're slipping fast

We're on the verge of a
Bre eh ake down
On this road any moment now
So just slo oh ow down
Hit the brakes and pull over to the side
We're running on empty empty ah ah ah ah ah
Empty empty yeah

We're running on empty empty ah ah ah ah ah
Empty empty yeah

Slow down, slow down, slow down
