Drew a line and I fell full circle
Seems it's all I ever see
Stir this cup with beat down heart
Of broken glass and half empty
Oh now here we are right here
That first time in forever
Underneath familiar doors
Standing face to face together

Same old song...
Here we are, here we are, here we are...
Go now, don't stop, and head for cover
One way, yeah one way or another
Dance, Dance, Dance like it's the last time
Your eyes, your eyes, will ever meet mine
Say, Say, Don't say I don't deserve you
Love, Love, Just love me like you used to do

Underneath the stars out on the water
Hold firm around you tight
Wanna put my lips next to yours
Tell you I know we'll be alright
But I'm no psychic, no fortune teller
And this story has no end
But I need you here, need you now,
Don't need walking again

Like that same old song...
Here we are, here we are, here we are...
Go now, don't stop, and head for cover
One way, yeah one way or another
Dance, Dance, Dance like it's the last time
Your eyes, your eyes, will ever meet mine
Say, Say, Don't say I don't deserve you
Love, Love, Just love me like you used to do

Just say it now... just say it now...
Here we are, here we are, here we are...

Go now, don't stop, and head for cover
One way, yeah one way or another
Dance, Dance, Dance like it's the last time

Your eyes, your eyes, will ever meet mine
Say, Say, Don't say I don't deserve you
Love, Love, Just love me like you used to do
Here we are, here we are, here we are
Don't stop, just say we'll head for cover
Don't stop at one way or another
Dance, Dance, Dance like it's the last time
Your eyes, your eyes, will ever meet mine
Say, Say, Don't say I don't deserve you
Love, Love, Just love me like you used to do
