Good morn' I woke up to an angel in my arms  
Jumped out my bed, saw the first thing that I'm gonna  
do

My love, I'm gonna take a breakfast  
Clothes are everywhere  
Walk into the kitchen just to see what I got there  
And whatever that I'm fixing,  
I'm gonna bring it to be baby, uh oh, whoa  
Cause you deserve it, whoa,

[Chorus]

First out of bed in the morning  
Your smile alone gets me going  
Summer breeze that runs right through me lets me  
know  
That you could be the one  
That I can wake up for breakfast

Oh, so warm, I sleep with nothing but my t shirt on  
And I have to say, that fits better on you  
Oh my love, I just can't stop watching you, oh, oh,  
So I'ma speak out my head,  
Cause in me you're like perfection  
I can't help but stop and stare  
And there ain't no second guessing that I want this  
thing forever  
Oh baby, every moment I can wake you up for  
breakfast

[Chorus]

First out of bed in the morning  
Your smile alone gets me going  
Summer breeze that runs right through me lets me  
know  
That you could be the one  
That I can wake up for breakfast

Whoa, waking up to breakfast  
Baby there's no better way  
I wanna eat you up for breakfast  
I'm gonna eat you up for breakfast

I can't help but watch it  
How I love your shade  
I be loving you all morning  
Just start out my perfect day

[Chorus]
