In the start, we like having fun, yeah  
I know you're a star, but can I go get me some, yeah  
Huh, huh, huh  
Baby won't you come on over here?  
Let's make this thing special  
Then she whisper soft in my ear  
Can we make this forever?  
And I said

No, I don't wanna be handcuffed  
I'm tired of being in love  
No, I don't wanna be handcuffed  
I'm tired of being in love

Here we are, the 2 of us together alone, yeah  
We up in my car, car, it's time to turn our falling to falls,  
yeah  
Why you tryna play so hard to get  
She said I don't fall for anyone, oh  
Girl my sleeves are up so there's no chance  
Let's have a night of a little fun

No, I don't wanna be handcuffed  
I'm tired of being in love  
No, I don't wanna be handcuffed  
I'm tired of being in love X 2
