Kia Colloway (colloway) (way)
let's go.

[refrain]

we can do what you wanna
we can do it in the car
we can do it on the frontseat
tell me what you want

you can take the backseat
kiss 'em in the backseat
touch 'em in the backseat
anything you want

we can do what you wanna
we can do it in the car
we can do it on the rooftop
tell me what you want

we can take the backseat
kiss 'em in the backseat
touch 'em in the backseat
anything you want

comming from the club
sitting with some cognac
i feel like makin' love
(homie .. are you ready?)
ready, for what I have in store
are you ready? (ready?)
(to pump a .. baby)

get on my body, on my body
can my body
touch my body, touch my body

now the way you tease me
c'mon show me that you can please me (please me)
c'mon boy lets .. the frontseat
