Kid: Around the world there's a lot of haters
Cowboys wearin's silver gaters
Girls that a see me later
Bill Gates who bring me paper
Aint no change in my game Bill Clinton know me
I was there when Monica was the woman to see
I taught Bin Laden everythang that he know
Taught Sadaam Hussein how to get it on da floor
Hold up, it's the remix
Brighter than a box of Kix
Know ya can't touch this
A Rod who this is

chorus: Aint no shame in the game
Shit been around da world
Seen you and yo' mama and seen yo baby girl
Seen the plane of the cash crop
people with them balck cops
crazy as hell
shit you been around the world

Kid: I'm been bout ridin
64 slidin
niggas in front yall best stay behind me
before I get mad
just like the Tahj Mahal
Hit that bitch once
Went straight through the walls
I been around the world
and through the deepest sees
Me and you can go back
hell yeah, them fish know me
You can jump on a nut just like a fuckin squirrel
Nigga don't hate just because I been around da world

4x chorus:

Hell yeah I was too scared up there on them airplanes
Them bitches crash too much
