Watch a lil soldier come and burn'em out  
And equip it with a meter man and just turn'em out

Hold up  
This is the Revolution of a new beginning  
Shit shawty we gon

We got this block loaded out and the cars on things  
Watch my rims go and come back see what it brings  
And the L on the K now what do they have to say  
Gon shawty twist it in and swing my way  
Oh no catch'em up and the town is on fire  
And the money rate if ya catch me is still getting higher

Aint gon stop yet I'm a ball till a fall  
Girls in the club yall take yall draws off  
When we get loose we'll take yall braws off  
And ya sweat streamin' down ya body just call it raw

Chorus: We got the girls in the back  
In the back in the back of the Cadillac  
Some actin' a mug some grabbin on my sack  
Yall just gotta know I'm gone be the mack  
Yall betta run cause here comes my pack

Just watch me as just gone take'em out  
And the shawty's in the club we just wanna here you shout  
Plus the gees gotta go cause they takin up space  
Cause my medallion is heavy and it's pullin at my lace  
And you think I don't here what you sayin  
I'll bring the AK then start sprayin  
We the Youngstahs  
SG B is now gone but they still was best  
Got diffrent girl in different cars  
Killin with different guns and us'em on different boys
