I'm elevated [I've become a whore so I prepare to  
breathe]  
I'm stimulated [I'm becoming sworn to you for secrecy]  
I'm re-created [anything you want I will forever be]  
I'm glad you made it

Spiritualize my sensuality, in your eyes, between you  
and me

You're elevated [connected to the depths of the seven  
seas]  
You're stimulated [I can feel your pulse and now it's  
part of me]  
I'll be creative [anything you want I will forever be]  
For you I'll save it  
Spiritualize my sensuality, in your eyes, between you  
and me

I can't evade it  
You're all I've needed  
I am created

This has been a hell of a trip.
