I am a fallen zerf
Below the glaciers of the evil
I am a golden superhero
Above the sun and all the people

Space in your face im gonna drink
the f*cking ocean cause I ain't from a coast I'm just
coastin
Said I was an afterthought you'd bring along,
well who' u after now, bitch? Run, mother f*cka, run

And if you think im space-cakening
I've been in shit of rude awakening
And im floating high (but im always down)
Skip or trip to face the space or fake in this

In the middle I stay in place, skip or trip at
zerf_space And im floating high (but im always
down)
Skip or trip to face the space or fake in this

I met a fellow zerf
He took me to the silver people
I said, "I think you are my hero"
+ we were one it all was clearer
Space in your face, it's the way to get you closer;
while you were sittin on your ass, *
-- I drank the f*cking ocean
Zerf_space the way to get your kicks, but too many
chefs in the kitchen could spoil the mix

I am a means until the end
I move a mountain with my hand
And im floating high (but im always down)
Skip or trip to face the space or fake in this

In the middle I stay in place, skip or trip at
zerf_space
And im floating high (but im always down)
Skip or trip to face the space or fake in this

And im high (but im always down)

Skip or trip to face the space or fake in this
