Today I'm not OK
I feel so sleepy although I'm awake
Another day came so fast
I missed my breakfast and...

Today I'm not OK
I missed my sister's birthday
I lost my present and I missed my train
But I didn't even know where I was going
Too much noise around
With my hands I close my ears
Don't want to look at the sky
For weather it doesn't matter

Today I clear my mind
My heart's open and tears come
There's no place for regrets because:
All the words I've ever said
All the things I've ever done
I would never change it
I felt love which has died
I need it even more
'cause it makes me feel alive
'cause it makes me adore you

feel alive...
Maybe last night I haven't been sleeping
maybe I don't have a sister
maybe this train never passed through my town
and maybe that's today
I stayed in bed and watched CNN
maybe you never never existed
maybe this was all imaginative
all imaginative
all these things above
All the words I've ever said
All the things I've ever done
I would never change it
I felt love which has died
I need it even more
'cause it makes me feel alive
'cause it makes me adore you

Feel alive
