No one will ever know
About our platonic love
Just you and me
You and me
you and me

Stuck in this perfect moment
Heal my needs

She asked him the question
She never had to
'cause she knew the answer

They both feel the tickles
When they see each other
But that's just different kind of love
Chit chat
No one will ever know
about our platonic love
Just you and me
So what is that strange feeling
That they get sometimes
A few beers
And moment of laugh
Suddenly time freezes
They look at each other's eyes

And she said :
"I have to go home
Don't push me to stay,
This is the line
We can't walk over"

They both feel the tickles
When they see each other
But that's just different kind of love
Chit chat
