I don't wanna talk about love  
'Cause I've heard it before it talks too loud  
You can hear it in a disco midnight, shouting

And I don't wanna think about it, think about it  
It comes dressed in its summer clothes  
When you're traveling through the heart of the winter's  
cold

And I don't wanna talk about changes  
Changes come of their own free will  
And if you wanna talk about leavin'  
Well, you've always walked and, you always will

Every time you talk about love  
You talk about your yesterdays  
Yesterday's washin' away  
With this morning's rain

I don't wanna talk about it  
'Cause love has a voice of its own  
If all we do is try to out shout it  
Then the love is gone

'Cause I don't wanna talk about love now  
I don't wanna talk about love now  
I don't wanna talk about love now  
I don't wanna talk about love now

Can't you hear the voice in my heart?  
It calls your name in the middle of the night  
It's always been a quiet voice  
When it's breaking

I don't wanna talk about this love  
This love was my saving grace  
So, can't I just say that I love you  
And we'll call it a day

'Cause I don't wanna talk about love now  
I don't wanna talk about love now  
I don't wanna talk about love now

I don't wanna talk about love now
