I have traveled far to be sitting here with you  
And I will leave this place alone  
That's a sad and simple truth

So little time and so much to say  
And I'll be none the wiser  
When I leave you here today

Is this all there is  
I wanted so much more  
The gold in those hills  
The silver of the mores

And now that I'm here  
Looking you head on  
To the treasure that I left behind  
And all I'll ever miss

Oh, the blame for losing love is blind  
Is this all there is

It always stops me cold everytime I hear your name  
An' the friends that we had shared  
Know I'll never love the same

I still hear your voice, echo through my days  
Yet it never breaks my stride  
We would always end this way

Is this all there is  
I wanted so much more  
The gold in those hills  
The silver of the mores

And now that I'm here  
Looking you head on  
To the treasure that I left behind  
And all I'll ever miss

Oh, the blame for losing love is blind  
Is this all there is

We were really something  
Holding hands and walkin'  
Now, no amount of talkin'  
Could lead this love a place to go

Is this all there is  
I wanted so much more  
The gold in those hills  
The silver of the mores

Now that I'm here  
Looking you head on  
To the treasure that I left behind  
And all I'll ever miss

Oh, the blame for losing love is blind  
Is this all there is  
The blame for losing love is blind  
Is this all there is
