When you say I love you  
Is it just because you know that's what I want to hear?  
Lately friends are warning me  
What they hesitate to tell me leaves a thread of fear

People talk around this town  
And when the final truth comes down  
There's only one thing left to do  
It's come back 'round to you  
(Come back 'round to you)

Say it isn't so  
Tell me that you're someone I'll believe in  
Am I the last to know  
That you don't love me anymore?

Oh, if you ever did say it isn't so  
Am I caught up in a web that you are weaving?  
Oh, the stories I've been told  
Indicate that you're already reachin' for the door

It's just a lovers situation  
Are you in or out of love? I've heard those words before  
I've had to face up to the truth  
Cuz' staying and pretending would have hurt him more

Sometimes lovers stay too long  
Sometimes they leave too soon  
There's only one thing left to do  
It's come back 'round to you  
(Come back 'round to you)

Say it isn't so  
Tell me that you're someone I'll believe in  
Am I the last to know  
That you don't love me anymore?

Oh, if you ever did say it isn't so  
Am I caught up in a web that you are weaving?  
Oh, the stories I've been told  
Indicate that you're already reachin' for the door

Oh, the stories I've been told  
Baby, just say it isn't so
