Every prayer that I'm not praying  
And every promise I'm betraying  
Every price that I am paying  
Is like a ghost inside of me

And every road I could be taking  
Every dream I am forsaking  
And every heart that's out there breaking  
Is like a ghost inside of me

Look around, around, look around  
Every time I turn around  
I'm not who I ought to be  
And down, down, it gets me down  
Every time I look around  
There is something haunting me

Every friend I am deserting  
And every danger I am flirting  
And every word that ends up hurting  
Is like a ghost inside of me

Every heart I could be cheering  
And every love that I am fearing  
Every cry I am not hearing  
Is like a ghost inside of me

Look around, around, look around  
Every time I turn around  
I'm not who I ought to be  
And down, down, it gets me down  
Every time I look around  
There is something haunting me

Every tear that I'm not crying  
And every pain I am denying  
And every lie I'm justifying  
Is like a ghost inside of me

Like a ghost inside of me  
Like a ghost inside of me  
Like a ghost inside of me

Like a ghost inside of me
