What have you got to say
For yourself, now baby
Now, that I am leaving you
What have you got to lose?

The truth you tried to keep from me
Well, it nearly drove me crazy
I have grown weary
From sleepless nights of you

Is that a broken heart
In the corner of your eye?
Something to remind you?

You made this love a teardrop
Waiting to fall
There are those who can't love right
I just can't love wrong

When you are lonely in the night
How I hope you will recall
You made this love a teardrop
Waiting to fall

No, I will not forgive you
For betraying trust between us
Though I will always care for you
I've loved you half my life

And when I give my heart again
I know that I'll remember
Love is but a fragile flame
And trust just fuels the fire

When I think of all the years
Your love has taken from me
I can't believe I'm leaving you

You made this love a teardrop
Waiting to fall
There are those who can't love right
I just can't love wrong

When you are lonely in the night
How I hope you will recall
You made this love a teardrop
Waiting to fall

You made this love a teardrop
Waiting to fall

You made this love a teardrop
Waiting to fall
There are those who can't love right
I just can't love wrong

When you are lonely in the night
How I hope you will recall
You made this love a teardrop
Waiting to fall

You made this love a teardrop
Waiting to fall

You made this love a teardrop
Waiting to fall

You made this love a teardrop
Waiting to fall
