It's time to stand on top of fingers from the bell
Tell me sugar how you felt now, come on sugar, tell
now
Can't stand your face until it took off
I wouldn't give a fuck but the love here is such a long
walk

If this all goes well you won't have nothing
So tell you dead wrong, dead wrong and now you're
long gone
Hang out for minute and re-think
Question, tell me what she'd done just one, 'cause I
can't see nothing

So, one, two and
You got it, I want it, you got it, I want it, you got it, I want
it
You got it, I want it, you got it, I want it, you got it, I want
it

Got my hand caught in a cat claw, scream
On everyone's that time looks around they're talking
trees
You know never know who's coming, might easy be me,
you know
Give up for my love, cause that's too much, fuck

So, one, two and
You got it, I want it, you got it, I want it, you got it, I want
it
You got it, I want it, you got it, I want it, you got it, I want
it

It's time to stand on top of fingers from the bell
Tell me sugar how you felt here, come on sugar, tell
now
Can't stand your face until it took off
I wouldn't give a fuck but the love here is such a long
walk

So, one, two and
You got it, I want it, you got it, I want it, you got it, I want

it

You got it, I want it, you got it, I want it, you got it, I want
it

You got it, I want it, you got it, I want it, you got it, I want
it

You got it, I want it, you got it, I want it, you got it, I want
it

You got it, I want it, you got it, I want it, you got it, I want
it

You got it, I want it, you got it, I want it, you got it, I want
it
