This dead road leads down
To that dead road and back
To the road where the oldest road
Met the first dead road that cracked

Made the second and curved the third
Forked the forth and said to the fifth
"If you walk just a couple of miles
You're gonna come across the six, the six, the six"
It runs into a ditch

Dead road 7 is a bitch
Dead road 7 is a bitch
Floating belly flush
Floating belly up

Go down there if you wish
Go down there if you wish

This dead road leads down
To that dead road and back
To the road where the oldest road
Met the first dead road and cracked

Made the second and curved the third
Forked the forth and said to the fifth
"If you walk just a couple of miles
You're gonna come across the six, the six, the six"

Dead road 7 is a bitch
Dead road 7 is a bitch
Floating belly flush
Floating belly up, up, up, up

Go down there if you wish
Go down there if you wish
Go down there if you wish

Dead road 7 is a bitch
Dead road 7 is a bitch
Floating belly flush
Floating belly up, up, up, up

Go down there if you wish
Go down there if you wish
Go down there if you wish
