Running into trouble
Running into trouble
You've got heavenly eyes
Thousand highs

Always on a mission
To start loving and start kissing
It's a heavenly ride
You still got wheels, kid

If I go missing
Don't you worry for me
I'm just writing
My side of the story

Just like Jacky
I'm brighting my lips
Soaring my mind
Forever I find

Going down the coast of
M.E.X.I.C.O.C.U
I'm going down the coast of
M.E.X.I.C.O.C.U
Going down the coast of
M.E.X.I.C.O.C.U
