Took a car to the part of the city
Where the city runs out of street lights
God knows it's the way that it goes
That we're never gonna catch any daylight

My little sisters eyes so wide
They must have been the size of the city moon tonight
Little sisters eyes so wide
They must have been the size of the city

Did you get the real good ones?
Did you get the good ones?
Did you get the real good ones?
Did you get the good ones?

Did you got me the good ones?
The real good ones is what you got
Take a water full, the water tastes good
I took the water and the water was hot

Once in a while, once in a while
You got to burn your lips, keep your feelings alive
Once in a while, once in a while
You got to burn down your house, keep your dreaming
alive

So, did you get the real good ones?
Did you get the good ones?
Oh, did you get the real good ones?
Did you get the good ones?

Did you get the real good ones?
Did you get the good ones?
Oh, did you get the real good ones?
Did you get the good ones?

Did you get the real good ones?
Did you get me the good ones?
Oh, did you get the real good ones?
Did you get me the good ones?

Did you get the real good ones?

Did you get the good ones?
Oh, did you get the real good ones?
Did you get me the good ones?
