I trying to make a decision right now  
But I'm torn between the words  
And my regret is that is going in my head  
And my world is so disturbed  
I, I never meant to make you cry  
And at night inside I die (I die)  
Cause when I said I didn't love you  
I lied  
I was just terrified  
So let's put the pass behind us  
Give love a chance to find us  
Before the sun sets  
Let's put our hearts together  
Cause we don't live forever  
I won't speak hell  
Our hearts are back together  
Tomorrow could be never  
If I don't tell you now  
I'll die a thousand times  
I'll die a thousand times  
If I don't tell you now  
I'll die a thousand times  
A thousand times I'll die  
Words have been spoken  
Cannot be returned  
And I live with that each day  
The pain I caused you was so undeserved  
But here is my chance to take it away  
I, I never meant to make you cry  
(Never meant to make you cry)  
And at night inside I die (I die)  
Cause when I said I didn't love you  
I lied  
I was just terrified

Oh, oh, oh  
So let's put the past behind us  
Give love a chance to find us  
Before the sun sets  
Let's put our hearts together  
Cause we don't live forever  
I won't speak hell  
Our hearts are back together  
Tomorrow could be never  
If I don't tell you now  
I'll die a thousand times  
I'll die a thousand times  
If I don't tell you now  
I'll die a thousand times  
A thousand times I'll die  
No, I'm no longer afraid  
And in my heart, your love is safe  
Time to wash it away  
It's here to stay, to stay  
So we figure it out  
Don't want to live without you  
What was lost is found  
And it's here for you  
Before the sun sets  
Let's put our hearts together  
(Hearts together)  
Cause we don't live forever  
I won't speak hell  
Our hearts are back together  
(Back together)  
Tomorrow could be never  
If I don't tell you now  
I'll die a thousand times  
I'll die a thousand times  
If I don't tell you now  
I'll die a thousand times  
A thousand times I'll die  
If I don't tell you now  
(I will die)  
I'll die a thousand times  
(I will die)  
I'll die a thousand times  
(I will die)

If I don't tell you now  
(I will die)  
I'll die a thousand times  
(I will die)  
A thousand times I'll die
