Loose, sexy clothes
Loose, sexy clothes

I've been, holding too tight
Trying, to do it all right
Scared bad, I'm losing my ride
To find out the one who left the fee behind

Changing, the color is too white
Painting, I'm out of sun shine
Missing, the reason for why
It's been taking so long is to find my place tonight

It's time
I walked the block in my own shoes
Is it time?
I will surrender to the truth, yeah

I'm free, free, free, free
So free to show ya
(I'm free to show ya)
I'm free, free, free, free
So ready for ya
(So ready for ya)
I'm free, free to be me
I'm crossing over

I really don't do it
Ain't tripping no more
Over my head
And I don't wanna party now

I'm gonna stay
Loose, sexy clothes
I'm gonna stay, I'm gonna stay
Loose, sexy clothes

Rushing, skipping through steps
My mind, I need to reset
Action, have a cause and effect
The lesson that I learned that I can't forget

Stressing, to give it my best
Judge me, but I ain't a suspect
Time out, I need to reflect
And travel down a road that hasn't been paved, yeah

It's time
I walked the block on my own shoes
Is it time?
I will surrender to the truth, yeah

I'm free, free, free, free
So free to show ya
(So free to show ya)
I'm free, free, free, free
So ready for ya
(So ready for ya)
I'm free, free to be me
I'm crossing over
(Crossing over)

I really don't do it
Ain't tripping no more
Over my head
And I don't wanna party now

I'm gonna stay
Loose, sexy clothes
I'm gonna stay, I'm gonna stay
Loose, sexy clothes

There a lie at the end of the tunnel
Coming at me
Ain't nothing gonna stop me
Got a green light, green light

Going lose it all ahead
And I'm gonna be alive and steady
Ain't nothing gonna stop me
Got a green light, green light

There a lie at the end of the tunnel
Coming at me
Ain't nothing gonna stop me
Got a green light, green light

Going lose it all ahead
And I'm gonna be alive and steady
Ain't nothing gonna stop me
Got a green light, green light

I'm free, free, free, free
So free to show ya
(Free to show ya)
I'm free, free, free, free
So ready for ya
(Ready for ya)
I'm free, free to be me
I'm crossing over
(Crossing over)

I really don't do it
Ain't tripping no more
Over my head
And I don't wanna party now
I'm gonna stay loose

I'm free, free, free, free
So free to show ya
(Free to show ya)
I'm free, free, free, free
So ready for ya
(Ready, ready for ya)
I'm free, free to be me
I'm crossing over
(Crossing over)

I really don't do it
Ain't tripping no more
Over my head
And I don't wanna party now

I'm gonna stay
Loose, sexy clothes
I'm gonna stay, I'm gonna stay
Loose, sexy clothes
I'm gonna stay, I'm gonna stay
Loose, sexy clothes
I'm gonna stay, I'm gonna stay

I really don't do it
Ain't tripping no more
Over my head
And I don't wanna party now
I'm gonna stay loose
