Come on
Come on
Let's go

I'm gonna roll back my sleeves
I'm ready to get knee deep
I'm doin' things differently
And I ain't gonna stop
Don't wanna fake it

I'm tired of wastin' time
Not a pretty face standin' by
I'm in control and livin' life
Ain't afraid of this ride I'm takin' now

Come on
I'm doin' my thing
Hold on
Full speed ahead
It's on
I'm good to go
Got my foot on the gas
This time I'm ready to

Get down to the nitty gritty and
Get on it and jump right in it to
Find you're groove ya gotta
Feel the rhythm in ya
Step it up and keep it movin'

Get down to the nitty gritty and
(Get down)
Get on it and jump right in it to
Find you're groove ya gotta
Feel the rhythm in ya
Step it up and keep it movin'

I'm ready to make my mark
Cuz I gotta strong mind, tough heart
No way never I'm giving up
Cuz I ain't here to scratch the surface

I'm letting my colors show
I don't wanna be just so, so
And I'm letting everybody know
I ain't afraid to get a little dirty so

Come on
I'm doin' my thing
Hold on
Full speed ahead
It's on
I'm good to go
Got my foot on the gas
This time I'm ready to

Get down to the nitty gritty and
(Get down)
Get on it and jump right in it to
Find you're groove ya gotta
Feel the rhythm in ya
Step it up and keep it movin'

Get down to the nitty gritty and
(Get down)
Get on it and jump right in it to
Find you're groove ya gotta
(Groove)
Feel the rhythm in ya
(Rhythm)
Step it up and keep it movin'

Come on

(Get down)
Get down to the nitty gritty and
(Get down)
Get on it and jump right in it to
Find you're groove ya gotta
(Find the groove)
Feel the rhythm in ya
(And the rhythm)
Step it up and keep it movin'
(Keep it movin')

Get down to the nitty gritty and
Get on it and jump right in it to
(Jump right in)
Find you're groove ya gotta
Feel the rhythm in ya
Step it up and keep it movin'
(Keep it movin')

Get down to the nitty gritty and
Get on it and jump right in it to
(Jump right in)
Find you're groove ya gotta
Feel the rhythm in ya
Step it up and keep it movin'
(Keep it movin', keep it movin')

Get down to the nitty gritty and
Get on it and jump right in it to
Find you're groove ya gotta
(Find the groove)
Feel the rhythm in ya
(And the rhythm)
Step it up and keep it movin'

Nitty gritty
Nitty gritty
We are getting down to the nitty gritty
Ready, ready, ready, ready

Nitty gritty
Nitty gritty
We are getting down to the nitty gritty
