Ha yea this is Kin6 X  
Got Gold Hart on the mic too  
Yo... we gone represent for yall real quick  
Yo you can be anywhere tryin to represent right now  
just throw da signs up  
You know what im sayin  
If you down in the underground bunker tryin to hit that  
Saddam Hussein  
Or even up in da space station crankin that Neil  
Armstrong lets hit it

(Chorus)

-Yo cityyyy, throw da signnnns  
-If your dont like yours then rep mines  
-Let me hear ya say..  
-East to west coaaaast (echo)  
-Hip-Hop is all we knowwww (echo)

-(Verse 1)-

-Represent for your city, go on throw it up  
-Southside, westside, eastside keep it crunk  
-When da bass starts pumpin, ya trunks poppin up  
-And da words come forth, like a barrage of slugs  
-Hip-Hop aint dead, i aint read a will  
-Till the day i die imma spit from da grill  
-Let my words ring out, like the bell tower squeels  
-Yellin C-Town for life, in a voice so shreel  
-It could shatter windows, leave em on da floor  
-Or collapse ya roof, blow off da door  
-Got love for my city, and i hope you love yours  
-Throw ya lighters in da air and represent for....

(Chorus)x2

-(Verse 2)-

-Yea gangsta, throw ya signs up  
-If someone dont like it then they can bust  
-Crew 6 deep, so its probably not wise to stunt on me  
-No matter where im at, imma always represeent!  
-Bottles up, smokes in da air

-Pistols on blast and then let da smoke clear

-Your eyes decieve you, dont trust what u hear  
-Its amazin how da king and his army can dissapear  
what

(Chorus)x2

-(Verse 3 (Gold Hart))-  
-Gold Hart the front and center, ready for dinner  
-Bring the bill and then ring the bell  
-Like Too Short, gotta Freaky Tale  
-When the beat - drops, let it freak ya tail  
-And after that, we can speak so well  
-then meet with some friends, at a cheap hotel  
-Making transitions,- while I'm representin'  
-For KX Records - an Ultimate vision  
-Listen, it might help u, - Or it might not  
-I got the right touch, can I touch the right spot?  
-that's what I told her, because Im a bold roller  
-She made her hips hop and then I blew my top  
-like duhduhduh duhduhduh so now I love hip hop  
-See what you did, now what happens next?  
-I love the attention from the opposite sex  
-Let me get your number, I wont call you collect  
- Cuz I'm intrigued by the beautiful, shape of your  
breast  
-And a rump, so plump, I could hop and step  
-You could be my wife, I don't got one yet  
-But I rep Carroll County until my death  
-As I look to the sky, - Thank God, I'm blessed  
-'cause I move through life,- like moves in chess  
-But I'ma let, Kin6 X,- do the rest

(Chorus)x2
