(Chorus)x2

- Semper Fi, how we live for the code
- Semper Fi, do or die like the king
- Semper Fi, till your blood runs cold
- Semper Fi, forever faithfuls what it means

(Verse 1)

- Yeah, Semper Fidelis - stay down till you perish
- Semper Fi, do or die, the Marines will tell it
- The only thing in this world i can say that I cherish (whats that?)
- Support from da knights, support me back I'll share it
- Lets rally the soldiers, cause this war aint over
- If someones hit and cant spit, they can lean on my shoulder
- Im disappointed nowadays what they call competition
- Im old school, jack the stool - and murder the pigeon
- We down for life, yea.. that means until - we - die
- Till our bodies take the dirt nap, and souls a fly
- I choose the underground route, coming up on the sly
- Assassinate the mainstream, one song at a time..

(Chorus)x2

(Verse 2)

- Yeah, conflicts from six, think i might need a fix
- From the styx to the Crips, from the bottom to the tips
- The whole worlds turnin like its in locomotion
- Emotionless devotion you only have a notion
- Most these wars just jack us around, minus the lotion
- Yea i just said that, now try to keep your mind - stay focused

(Chorus)x2

(Verse 3)

- Yeah, whats it mean to you? Honor and loyalty
- Until the end, thats exactly whats void in society
- And people say it gets better, as the times get old
- But as i grow old, i grow cold, as true friends unfold
- It may be true in the end that youre all on your own
- My hearts a freezer, cause lv been burned too many

before

-Im apt to slay a friend instead of enemies. Still sore

-Yeah, the sores on my back where lv pulled knives

before

-Id tell you to expect it, but youd ignore the advances

-The signs your mans giving you right now as you listen

-He's saying, "Aw man, you know The Kings insane"

-Theres almost always a genius when someones brains
not sane.. ok

(Chorus)x2

"May your soul burn in hell if you betray your friends
and family" -Tony Soprano
